**RE: Attention all Gambler Members**

January 27, 2021

There have been reports and complaints from Gambler members that bags full of waste are dropped off on community public lands. Each house on Gambler First Nation has waste bins that should be utilized for waste.

Waste that is *not* in bags will not be picked up by laborer, and bins will not be cleaned out by laborer but will fall on the tenant for responsibly.

Sent in this letter are Gambler's operations for garbage pick-up and water delivery (for those that it applies to). If you cannot crowd all waste in the bins, attached are the hours of operations for Russell/Binscarth waste disposal sites.

Let's unify to keep our small community the rich healthy lands that they are by keeping waste in bags and in bins.

Sincerely,

Housing Manager  
Dana Tanner
